

Exhibit C - Statement distributed to media in response to Defendant's pro se motion to set aside default (published June 12, 2025 at 10:40pm)

"We followed all applicable court rules and procedural requirements regarding service and default.

This is not a publicity stunt—the federal indictment against Mr. Weiss speaks for itself. We were required to serve the complaint, and we believe service was properly executed.

We're pleased to see that Mr. Weiss is finally making an appearance in this matter.

Mr. Weiss should concentrate his energy on his criminal defense, rather than attempt to attack the lawyers representing the victims of his alleged perverse conduct.

The criminal charges against him are very serious and if found guilty would result in substantial prison time.
